Course Description

We take you into 'grey areas' to enable you to acquire new skills and competences by:

- Building understanding about effective case management and whistleblower reporting processes within the compliance framework
- Learning how to assess and investigate whistleblower disclosures ethically and objectively
- Gaining a clear understanding of the status of the whistleblower both legally and professionally

Module 1

- Legal framework
- Whistleblower status
- How and why people disclose wrongdoing?
- Assessing disclosures efficiently

Module 2

- In-house investigations
- Excellent interviewing skills
- Independence of investigations
- Effective delegation
- 'Witness care'

Module 3

- How Whistleblower Policy fits into compliance policy
- Complete case management
- Policy reviews / management
